Observations: The Town Council requests additional information in respect of: (1) Vehicular access – it is noted that some traders use large lorries and we are concerned that access onto the site will be difficult for them due to space constraints around the entrance. (2) Pedestrian and Wheelchair Access – the only formal pedestrian crossing on Oldbury Road links the town centre with the Spring Gardens Car Park, not with the Oldbury Road Car Park. The link between the two car parks is an informal one which wheelchair users find difficult to use. The Town Council would like to know how the Borough intends to provide a safe and accessible route onto the proposed market site. (3) The Oldbury Road Car Park is very close to Gravel Walk. The Town Council is concerned that people living and home-working in Gravel Walk will be adversely affected by the sounds of generators, also traders setting- up early in the morning		

and calling-out and using loud-speaker systems to attract business during market hours.
 The Town Council would like to know what, if any, investigative work has been carried out concerning the noise levels generated by the market and also what mitigating strategies will be employed to protect local residents from the resulting noise nuisance.
