Re. P.19.053 – Enforcement officer, Joe Gibbons has contacted JR to say that he is looking into the matter

Re. P.19.054 – JR has received an email from the Deputy Chief Executive of Tewkesbury Borough Council, offering to arrange for a member of the admin support team to supply this committee with more detailed information regarding the Portal. JR has accepted this offer but has suggested that this would be useful information for all parishes within the Borough and has asked him to consider arranging an informative event to which representatives from all parishes have access. It was agreed that Nick Sallis' input at our last meeting was excellent and very helpful.

P.19.076 To review the budget report of the Planning Committee from 1st April to 30th June 2019

The budget report was reviewed. The digital display equipment has not yet been purchased but it would be good to have this in place before the Public Forum meetings recommence in September. An enquiry has been made re. the amount of CIL that is likely to come to this parish as a result of applicable works having started so far this year, but an answer to the enquiry has not yet been received.

DC/E07000083/PTYFMRQDN0T13	Mon 08 Jul 2019	Mon 29 Jul 2019

Observations:

Although the Town Council can find no material reason to object to this application it wonders if this would be a missed opportunity to enhance the streetscape by creating a frontage that is more in line with the historical character which can be seen further down the High Street.

Therefore we have no objection subject to the opinion of the Conservation Officer.

P.19.080 Replace existing internal ATM system.

P.19.081 Proposed new dwelling fronting Oldbury Road.

Planning Application

Ref. No: 19/00641/FUL

Letter reference	Date requested	Expiry date
DC/E07000083/PTLL4RQDMY301	Wed 10 Jul 2019	Wed 31 Jul 2019
Observations: Objection. The Town Council is concerned about this application in several respects: Firstly, the overshadowing of the side window of number 27a does not seem to have been considered. Secondly, although the heritage statement suggests that the development will echo the character of nearby outbuildings there is no confirmation of the material to be used for window and door frames. Construction details would suggest UPVC or similar but these would not fit the character suggested. Thirdly, the Council wonders what provision is available for off-street bin storage. Fourthly, the Council shares the concerns of local residents with regard to parking. The Parking Availability Survey does not provide conclusive evidence that the demand for parking that would be potentially generated by this development in addition to the current parking that is made inaccessible by this development can be met elsewhere within the practical reserve capacity. Finally, the Council notes the lack of the requested Archaeological field investigation.		

P.19.082 Replacement of second floor window on side elevation.
