20/21 - 053 Public participation

A member of the public made comments regarding the financial regulations: Accompanying notes were appreciated. Changes have been made to match the existing procedure, but it should be treated as an opportunity to change the procedure.

Feel scrutiny has been sacrificed for efficiency and there are three main areas they would like Councillors to consider:

1. Spending limit for Committees should be £10,000. Proposal is for £25,000.
2. Interim staff can be hired by the Town Clerk without business case or scrutiny.
3. Would like the removal of the ability of committees to suspend financial regulations, feel this should only be done by Full Council.

20/21 - 054 To note the Mayor's announcements

Reopening the High Streets Safely Funding

A high level plan on how to allocate this funding was agreed at the Executive Meeting of Tewkesbury Borough Council (TBC) last Wednesday.

The Town Council was not consulted in the preparation of this high level plan, however the Deputy Chief Executive and the Town Clerk have discussed the process moving forwards. An assurance has been given that the Town Council will be fully involved in plans relating to this funding available for Tewkesbury Parish.

The Deputy CEO has delegated authority to move this scheme forwards in conjunction with the Leader of the Council.

The first step is going to be to engage a third party to undertake some research on how the fund should be spent and we are advised this work will happen hopefully this month. This decision has already been taken by TBC and the Town Council was not consulted on this. This work will be paid for out of the £84k funding. In parallel TBC will be consulting with the Town Council and TTRP as soon as possible

Cllr Sztymiak advised that he had raised in the meeting the fact that neither Winchcombe nor Tewkesbury have been involved or asked about what has been proposed. He has been given assurance that the Town Council and local members will be included. There are three strands to the funding – the first is support for the public / communication, the second for business support – so that they have what they need to reopen safely and the third strand - to continue temporary public realm changes to ensure the reopening of local economies can be managed safely.
Action: Town Clerk to email out the hyperlink with the split of the funding.

Spring Gardens Toilet Block

There has been a significant increase in vandalism to the toilet blocks. At Spring Gardens, the damage to the door and lock of one toilet was so extensive that it has had to be boarded up. There have been seven instances of damage in the last few weeks, including damage to taps, toilets and toilet roll and soap dispensers being ripped off walls.

Action: Request that Environment & Amenities Committee discuss what action to take regarding replacement doors and consider the future of toilets in Tewkesbury.
